Subject: VNFSDK Committer promotions

Dear VNFSDK Committers,

As we discussed during our last meeting, I'd like to nominate the following people for promotion to committers:

- Mickael Jezequel
- Moshe Hoadley
- Kanagaraj Manickam
- Kailun Qin
- Anjali Walsatwar

Details of their nominations and contributions during Beijing are on the wiki: [Committer+Promotion+Request+-+Mickael,+Moshe,+Kanagaraj,+Kailun,+Anjali](#). They balance out several former Committers who withdrew from the project.

Per our charter, we need a majority of existing committers to approve these committer promotions. Would you please vote +1 if you approve these promotions, -1 if you disapprove, or 0 if you are neutral? I'd like to announce results during our Friday meeting, so please respond before then.

Thanks,
Chris
