Subject: Please vote for AAF Committer

Greetings,
  Varun has expressed interest in no longer being a committer for AAF, as he has moved on.

  I believe Sai Gandham, who has been in on AAF since Amsterdam, and is really, the most knowledgeable about AAF itself after me, should be a Committer to replace him.

  Here's my writeup of why Sai should be the next committer:

  Please respond by email within the next few days, as we need to get rolling for 2019 and Dublin.

Thanks,
