Randa, Patrick,

How are you?

I was planning to use CIVS to get your ballot, but I saw other projects were just using email for promoting committers vote, so I decided to use email.

I would like to promote Rupi as a new APPC committer. Above is his contribution

His ONAP gerrit contribution list: <https://gerrit.onap.org/r/q/owner:rupinsi1%2540in.ibm.com>

His APPC gerrit contribution list: <https://gerrit.onap.org/r/q/owner:rupinsi1%2540in.ibm.com+projects:+appc>

He shows interest about ODL, and is willing to learn for SDN world.

Would you please use this email and reply me your vote (+1, or -1)?

Thanks

Taka Cho
