**Subject:** SDNC committer promotion - Michael Dürre

I would like to propose Michael Dürre from the SDN-R team for promotion to committer.

Michael has been a strong contributor over the last several ONAP releases. Most recently, he contributed most of the work to upgrade to OpenDaylight Sodium. Details of his contributions may be found on the following wiki page :

<https://wiki.onap.org/display/DW/Committer+Promotion+Request+for+SDNC+-+Michael+Durre>

Please reply to this email with a -1 if you approve of this promotion or -1 if you disapprove.

Thanks!  
Dan
