Subject: New SDC Committer promotion request - Tali Orenbach

Dear SDC committers,

I'd like to promote

Tali Orenbach from Amdocs

to an SDC committer

As per the [TSC process for committer promotion](#), we need to track current committers approval and review the contributions of the candidate,
Please review the template below and respond to this email with +1 -1 or 0 depending on your vote before the end of this week.

You'll find the promotion template here : <https://wiki.onap.org/pages/viewpage.action?pageId=92998095>

Note that if you're not interested in continuing your committer role, please respond to me and I'll also do the necessary updates to the INFO.yaml files

Best Regards
Christophe
