Subject: New SDC Committer promotion request - Tali Orenbach

Dear SDC committers,

I'd like to promote

Tali Orenbach from Amdocs

to an SDC committer

As per the TSC process for committer promotion, we need to track current committers approval and review the contributions of the candidate,
Please review the template below and respond to this email with +1 -1 or 0 depending on your vote before the end of this week.

You'll find the promotion template here : https://wiki.onap.org/pages/viewpage.action?pageId=92998095

Note that if you're not interested in continuing your committer role, please respond to me and I'll also do the necessary updates to the INFO.yaml files

Best Regards
Christophe
