Guilin Release Requirements

The page is intended to summarize all the requirements for Guilin Release.

Candidate requirement proposals were frozen on May 28, 2020 TSC 2020-05-28

These requirements will be prioritized by the TSC to realistically fit within the Guilin Release date TBD.

The Release Scope should be finalized during the M1 Release Planning milestone on date TBD

Note: we will no longer be using a Confluence table to track requirements. More information here.

TSC Prioritization (Ranking)

- RANK #0 – Special GO - quick wins, fully covered by involved companies
- RANK #1 – TSC Must Have – Mandatory for the release
- RANK #2 – Continuity - Items continued from previous releases
- RANK #3 – PTL Go – items that PTLs is OK to include since team has bandwidth
- RANK #4 – NO GO OR Not yet Reviewed by TSC – items not approved for various reasons

T-Shir Size

- XS - <4 Man/Weeks;
- S - ~6 Man/Weeks;
- M - ~8 Man/Weeks;
- L - ~12 Man/Weeks;
- XL - > 12 Man/Weeks.
