- *Active participation in project or subcommittee meetings:*

I joined ONAP in the beginning of this year. During this period, I am responsible for the preliminary design, task decomposition, detailed design, implementation, debugging and test of DCAE and Policy module in IBN usecase. In DCAE project, my main contributions includes a runtime configuration feature for SliceMS, a config thread to update real time policy, some bug fix for jakarta and kohn version and so on.

- *Wiki and documentation contributions (provide links to evidences)*

Documentation is in progress.

- *JIRA activity*
