2017-12-04 Retrospective sprint 7

Date	04 Dec 2017
Participants	Michael Lando Idan Amit Yuli Shlosberg Tal Gitelman

Retrospective

What did we do well?	**What should we have done better?**

What did we do well?
- the team collaborates well.
- better understandin of the system.
- release beer!

What should we have done better?
- we need better equipment, memory and CPU.
- LF accessibility is limited to US time while we are on the side.
- release schedule and plans for the future.
- the vagrant need to be optimized from easier use.
- development content and part of the internal team process.
- not participating in the demo.
- two dev were limited becouse of user issues.
- internal review of difrent content.

Actions
