

# ONAP R3 Resource Information Model

This page is the portal of ONAP R3 resource information model workspace.

The workspace structure and working process are described here.

## Workspace Structure:

- [ONAP R3 Resource IM Calls](#): Information of online discussion calls, including agenda, slides, minutes, etc.
- [ONAP R3 Resource IM Input](#): Input material from the community to be discussed during the call
- [ONAP R3 Resource IM Clean Version](#): Record current agreements of the community
- [ONAP R3 Resource IM Discussion](#): Record current unresolved issues that need further discussion
- [ONAP R3 Resource IM Backlog](#): If an issue is resolved, the related discussion page will be moved here for information, and the agreement will be recorded into the "Clean Version" page

## Working Process:
