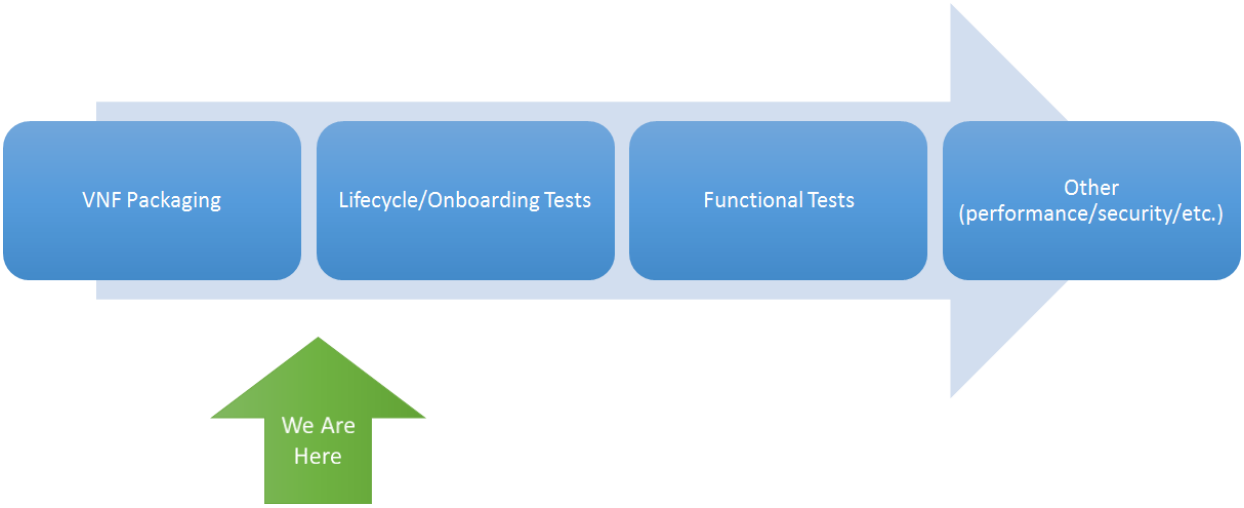
VNF CVC Proposal

Unknown macro: 'viewppt'

Continuum Testing?where we are)



How to Test

- VNF vendor uses pkgtools to package VNF
- VNF vendor or lab uploads vnf
- VNFSDK runs OVP test suite by using VTP
    - Requirements/testability from VNFReqs
- •Results are reported to LF through Dovetail
- •VNFs get compliant logo (as appropriate)
- •Operators see list of compliant VNFs on LF portal

Compliant Logo
