# DCAE Common Libraries (Dublin)

For Dublin, some of common function across different services are targeted to build as separate library. A new repository - dcaegen2/services/sdk will be created and hosting this module.

This work is tracked in the following JIRA issue: https://jira.onap.org/browse/DCAEGEN2-884

## Libraries

Click here to see libraries with short descriptions.

## JIRA

| Key | Summary | T | Created | Updated | Due | Assignee | Reporter | P | Status | Resolution |
|-----|---------|---|---------|---------|-----|----------|----------|---|--------|------------|
| No issues found | | | | | | | | | | |

## Package/Version info

The documentation is available on DCAE SDK page.

## Steps for Instrumentation of the libraries  (For new clients development)

TBD
