Team,

The meeting <https://wiki.onap.org/display/DW/LOG+Meeting+Minutes+2018-12-18> will be cancelled this week

I have/will be working on the Casablanca 3.0.0-ONAP release bringing it up in openstack and going through the vFW use case with a telecom <https://wiki.onap.org/display/DW/Cloud+Native+Deployment#CloudNativeDeployment-DeploymentIntegritybasedonPodDependencies> during the LOG meeting time this week – we will meet again on the 8th

<https://wiki.onap.org/display/DW/LOG+Meeting+Minutes+2019-01-08>

No meetings on the 25th and 1st

In the meantime I will attend the acumos meet at 1130 EDT on Thu/20th to answer any questions on our missed agenda – since a large portion of the contributors to log in onap meet at the log section of the acumos meet. <https://zoom.us/j/4906631713>

Thank you

/michael
