

# MUSIC Dublin Security/Vulnerability

Repository	Group	Artifact	Version	Problem Code	Impact Analysis	Action
music	org.codehaus.jackson	jackson-mapper-asl	1.9.2	<a href="#">CVE-2017-7525</a>	This is a dependency by the core library for our RESTful service (jersey-json) and our cassandra-unit library. We do not use Jackson directly and do not use createBeanDeserializer() function which has the vulnerability. We were unable to find any reference to this Vulnerability from jersey-json or cassandra-unit.	<input type="checkbox"/> <b>MUSIC-48</b> - Deal with jackson-mapper-asl security vulnerability <input type="button" value="CLOSED"/>
music	com.fasterxml.jackson.core	jackson-databind	2.9.4	<a href="#">CVE-2018-7489</a>	This is a dependency of Swagger Jersey Jaxrs library. We do not use Jackson directly and do not use createBeanDeserializer() function which has the vulnerability. To our knowledge we cannot find any reference of swagger jersey using this.	<input type="checkbox"/> <b>MUSIC-49</b> - Deal with jackson-databind issue <input type="button" value="CLOSED"/>
music	org.apache.zookeeper	zookeeper	3.4.11	<a href="#">SONATYPE-2018-0469</a>	This is no longer a problem in the latest version of MUSIC. This shows up in the music jar which is still being used by Portal based on an older version. We have raised an issue with the team asking them to move to the latest version.	<input checked="" type="checkbox"/> <b>MUSIC-362</b> - Move portal music jar to latest version <input type="button" value="CLOSED"/>
music	com.google.guava	guava	19.0	<a href="#">CVE-2018-10237</a>	This is no longer a problem in the latest version of MUSIC. This shows up in the music jar which is still being used by Portal based on an older version. We have raised an issue with the team asking them to move to the latest version.	<input checked="" type="checkbox"/> <b>MUSIC-362</b> - Move portal music jar to latest version <input type="button" value="CLOSED"/>
music	io.netty	netty-handler	4.0.56.Final	<a href="#">SONATYPE-2017-0356</a>	This is no longer a problem in the latest version of MUSIC. This shows up in the music jar which is still being used by Portal based on an older version. We have raised an issue with the team asking them to move to the latest version.	<input checked="" type="checkbox"/> <b>MUSIC-362</b> - Move portal music jar to latest version <input type="button" value="CLOSED"/>
