NOTES

- CLAMP update
 - El Alto update
 - Frankfurt
 - El Alto branch created
 - AAF work
 - DCAE self-serve CL - finalizing
 - CDS will start development - Vidya
 - Rashmi question: CDS work who is identified to work on it? So far Vidya. Others from Huawei may help.
- Policy Scrum (see wiki)
- Policy Epic review
- Question: Should the PDP continue to run if for multiple policies being deployed and one or more fails? ex: if 10 are loaded and 5 fail to load
 - Drools continues to run
 - XACML continue to run
 - The PAP makes the decision to put a PDP into PASSIVE mode if there are failures. eg the User makes the call to undeploy
 - PDP's report what policies succeeded and failed
- [R6 Dmaap Notification of Policy Update](#)
 - For Policy Update - need to add complexity of multiple PDP groups. How does the client know which group?
 - Agree to just get the first cut done and address this later. Perhaps in G Release.
