2019-11-13 Doc Project Meeting

Attending

Topics, Notes, Status and Follow-Up Tasks

Topic	Notes / Status / Follow-up
Frankfurt Release status	Sofia to define Jira tickets based on the release scope. We will prioritise and assign owners during the meeting the 14th. **Done** **Tasks to be assigned during the meeting 13/11**
Release process for documentation & Frankfurt release planning	Process defined here
Technical project member doc project	**Done** Since Rich left we do have a gap in the deeper technical area. Such a troubleshooting, maintaining and ownership of the toolchain, technical improvements. Suggestion to reach out to the community and ask for this competence. ***AP Sofia: Send out a request to the discuss list***
Developing ONAP API Documentation	Andy Mayer is driving this in a separate working group. Leaving it on the agenda for further collaboration.
PTL election period	Sofia has been nominated. Vote needs to be created.
