

# Requirements Subcommittee Members

**IMPORTANT: For the 2021 Election cycle all members please do the following:**

- Verify your name, company and the email address subscribed to the [onap-usecasesub mailing list](#) is correct.
- Edit the page and add an X in the verified 2021 column.
- If you are your company's voting representative this time, please update the "2021 Voter Status" column.

Your subscription to the mailing list will remain intact.

## Voter Status Legend for Voting Purposes

### Green: Member is fully qualified to vote [Section 4.4.1.3](#)

- **Default**- the only member from the company verified for the 2021 election
- **Delegate**- selected by the committee members from that company as their representative
- If no delegate has been designated by the time balloting starts, the representative will be chosen by the LF in the following order of precedence:
  - **TSC**- assigned the representative based upon TSC membership
  - **PTL**- assigned the representative based upon being a PTL
  - **Committer**- assigned the representative based upon being a Committer
  - **Coin-flip**- assigned the representative based upon a random selection method chosen by the PM

### Blue: Member is not qualified for ballot as per [Section 4.4.1.3](#)

The member's name was added to the Membership list after the Nomination process was started by the LF and therefore the representative is not qualified to vote in this year's election.
