2020-05-06 [ExtAPI] Meeting notes

Date

06 May 2020 at 14:00 UTC

Note time is 14:00 UTC

Meeting Link: https://zoom.us/j/719188490

Discussed

- **Recording : zoom_0.mp4**
  - **Chat Log:**
- RC1 next : Frankfurt Milestone Status - ExtAPI has passed RC1 - release tag is 6.0.3
- Frankfurt branch has been created.
- New proposed Release Notes format - https://docs.onap.org/en/latest/templates/sections/release-notes.html Adrian OSullivan versus cumulative.. I think better to keep history as it is small, propose mixture of the 2.

Action Adrian OSullivanto invite use case teams, potential performance management, VTP, Service Modification for Guilin requirements capture

Andy Mayer mentioned to examine the Guilin release - functional requirements proposed list for potential impacts on ExtAPI

Last week Items:

- Ranvijay Singh discussed 🟥 **EXTAPI-251** - Add external var for tmp directory `CLOSED` and 🟥 **EXTAPI-197** - MSB registration `CLOSED`

- Matthieu Geerebaert to discuss SO serviceInstances API change for Gating testing.

- Discussed TMF-VTP New potential API for Guilin. I will arrange for presentation on future External API Framework call
- ONAP Swagger Guideline Proposed OpenAPI 2.0 / Swagger Style Guide and spectral tool API Style Validation Tool Andy Mayer
- https://gerrit.onap.org/r/c/oom/+/103779 has now been merged. RC0 Image for NBI is 6.0.1 , must be used with oom master.
